When I assessed you on (state previous assessment date), you told me that you had difficulty with (read all activities from list). Today do you still have difficulty with (read and have patient score each item in the list)?

Interpretation of scores

Total score = sum of the activity scores/number of activities

Minimum detectable change (90%CI) for average score = 2 points

Minimum detectable change (90%CI) for single activity score = 3 points

Valley Chiropractic Financial Policy

We are committed to providing you with the best possible care and we are pleased to discuss our services with you at any time. Your clear understanding of our financial policy is important to our professional relationship. Please ask if you have any questions about our fees, financial policy or your responsibility.

INFORMATION:

Prior to receiving service, you must complete our Patient Information form and any necessary Medical History and Release forms, and provide your insurance card(s) for photocopying.

INSURANCE:

Insurance is a contract between you and your insurance company. We file insurance claims as a courtesy to our patients. We will not become involved in disputes between you and your insurance company regarding deductibles, co-payments, covered charges, "usual and customary" charges, etc., other than to supply factual information as necessary. You are responsible for the timely payment of your account.

We are authorized providers for most major insurance carriers and participate in many HMO, PPO, POS and indemnity plans. We will bill directly your primary carrier and will, if you provide us the information, bill any balance to your secondary insurance.

Pre-authorization and referrals – If your plan requires it, you must provide proper authorization from your primary care physician prior to receiving service. If authorization has not been obtained, we will gladly reschedule your appointment to a more convenient time.

Self-pay - If you do not have insurance, payment in full is expected at each visit. If this is not possible, prior to your service we will work with you to arrange a payment plan. We accept cash, checks, money orders and Visa/MasterCard.

LITIGATION:

Patients involved in an auto accident, workmen's compensation or personal injury lawsuits are, as all other patients, responsible for their bills. We will, as a courtesy, send your lawyer a carbon-copy bill if you provide us with his name and address.

I have read the above policy and understand my responsibility for my account. I understand my insurance(s) may not cover this procedure and agree that I am responsible for the bill.

Please read prior to signing. It is important that you understand the information before you sign.

The nature of the chiropractic adjustment.

The primary treatment we use as a Doctor of Chiropractic is spinal manipulative therapy. This procedure will be comprised of either the use of my hands or a mechanical instrument upon your body in such a way as to restore motion to the joints. That may cause an audible “pop” or “click,” much as you have experienced when you “crack” your knuckles. You may feel a sense of movement.

Analysis/Examination/Treatment

As a part of the analysis, examination, and treatment, you are consenting to the following procedures:

<i>spinal manipulative therapy</i>	<i>palpation</i>	<i>vital signs</i>
<i>range of motion testing</i>	<i>orthopedic testing</i>	<i>basic neurological testing</i>
<i>muscle strength testing</i>	<i>postural analysis</i>	<i>ultrasound</i>
<i>hot/cold therapy</i>	<i>electrical muscle stimulation</i>	<i>radiographic studies</i>

The material risks inherent in chiropractic adjustment

As with any healthcare procedure, there are certain complications which may arise during chiropractic manipulation and therapy. These complications include but are not limited to: fractures, disc injuries, dislocations, muscle strain, cervical myelopathy, costovertebral strains and separations, and burns. Some types of manipulation of the neck have been associated with injuries to the arteries in the neck leading to or contributing to serious complications including stroke. Some patients will feel some reasonable effort during the examination to screen for contraindications to care, however, if you have a condition that would otherwise not come to my attention, it is your responsibility to inform me.

The probability of those risks occurring.

Fractures are rare occurrences and generally result from some underlying weakness of the bone which we check for during the taking of your history and during examination and x-ray. Stroke has been the subject of tremendous disagreement. The incidences of stroke are exceedingly rare and are estimated to occur between one in one million and one in five million cervical adjustments. The other complications are also generally described as rare.

The availability and nature of other treatment options.

Other treatment options for your condition may include:

- Self-administered, over-the-counter analgesics and rest
- Medical care and prescription drugs such as anti-inflammatory, muscle relaxants and pain-killers
- Hospitalization
- Surgery

If you chose to use one of the above noted "other treatment" options, you should be aware that there are risks and benefits of such options and you may wish to discuss these with your primary medical physician.

The risks and dangers attendant to remaining untreated.

Remaining untreated may allow the formation of adhesions and reduce mobility which may set up a pain reaction further reducing mobility. Over time this process may complicate treatment making it more difficult and less effective the longer it is postponed.

PLEASE DO NOT SIGN UNTIL YOU HAVE READ AND UNDERSTAND THE ABOVE. PLEASE CHECK THE APPROPRIATE BLOCK AND SIGN BELOW

I have read () or have had read to me () the above explanation of the chiropractic adjustment and related treatment. I have discussed it with Dr. Stephen Puzio and have had my questions answered to my satisfaction. By signing below I state that I have weighed the risks involved in undergoing treatment and have decided that it is in my best interest to undergo the treatment recommended. Having been informed of the risks. I hereby give my consent to that treatment.

I understand that under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), I have certain Patient Rights regarding my protected health information.

I understand that Valley Chiropractic Health Center may use or disclose my protected health information for treatment, payment, or health care operations, which means providing health care to me, the patient; handling billing and payment; and, taking care of other health care operations. Unless required by law, there will be no other uses and disclosures of this information without my authorization.

Valley Chiropractic Health Center has a detailed document called the "Notice of Privacy Practices". It contains a more complete description of your rights to privacy and how we may use and disclose protected health information.

I understand that I have the right to read the "Notice" before signing this agreement. If I ask, Valley Chiropractic will provide me with the most current Notice of Privacy Practices.

My signature below indicates that I have been given the chance to review such copy of the Notice of Privacy Practices. My signature means that I agree to allow Valley Chiropractic Health Center to use and disclose my protected health information to carry out treatment, payment, and health care operations. I have the right to revoke this consent in writing at any time, except to the extent that Valley Chiropractic Health Center has taken action relying on this consent.
